TOUGHFOAM®

CLOSED CELL SPRAY FOAM

Enverge ToughFoam excels in agricultural applications, resisting damage from livestock and pests where durability and product performance is essential.

HIGH DENSITY SPRAY FOAM

Use in a variety of applications including poultry houses, livestock enclosures and uninhabited storage buildings

EXPANDED SCOPE OF WORK

Increase sales by adding agricultural and metal building applications to your services

VERSATILE

Ideal for use on all types of substrates, either alone or as a system with other Enverge closed cell foams

OPTIONAL COLORS

Available in black and no color

ENERGY EFFICIENT

Seamless air barrier reduces uncontrolled air leakage and lowers energy costs

STRONGER

Offers durability for the everyday industrial and agricultural environment
